

Public job advertisement

45,000 students, 8,000 employees in teaching, research and administration, all working together to shape perspectives for the future – that is the University of Münster. Embedded in the vibrant atmosphere of Münster with its high standard of living, the University's diverse research profile and attractive study programmes draw students and researchers from throughout Germany and around the world.

The Institute for Sport and Exercise Sciences (Department of Sport Psychology) at the University of Münster, Germany is seeking to fill the position of a

Lecturer for Sport and Exercise Psychology (Salary level E 13 TV-L)

to commence on 1 August 2024 or later. We are offering this part-time position (75 %) for a period of 24 months. Full-time lecturers are required to teach 12-16 hours per week during the semester.

The term of employment is limited in accordance with § 14 (2) of the Part-Time Work and Fixed-Term Employment Law (TzBfG). The legal provisions stipulate that the university can only consider applicants who have not previously been employed at the University of Münster in a permanent or fixed-term capacity.

Your tasks:

The successful candidate will have teaching responsibilities in the B.Sc. program 'Human Movement in Sports and Exercise' and M.S. program 'Sports, Exercise and Human Performance' in the field of sport psychology and research methods. Lectures and seminars will be exclusively conducted in English. Job obligations include teaching 4-6 classes per week (2hrs each per week), responsibility for administering exams and additional administrative tasks depending on the amount of teaching hours.

Our expectations:

- Applicants must hold a master's or equivalent degree in Sport or Exercise Science or a related subject (for example, Psychology). PhD holders in the same subjects will also be considered.
- Applicants are required to have a very good command of English, both written and spoken. German language skills would be advantageous but are not a requirement.
- Applicants are expected to have excellent knowledge of and skills in research methods, in particular related to statistics and experimental design and sport psychological research (focused, for example, on expertise, perception and attention, social influences on performance and decisions, motivation and emotion, or motor learning).
- Prior experience in teaching courses is advantageous.
- Interest in further academic qualification is appreciated.

The University of Münster strongly supports equal opportunity and diversity. We welcome all applicants regardless of sex, nationality, ethnic or social background, religion or worldview, disability, age, sexual orientation or gender identity. We are committed to creating family-friendly working conditions.

We actively encourage applications by women. Women with equivalent qualifications and academic achievements will be preferentially considered unless these are outweighed by reasons which necessitate the selection of another candidate.

Applications should be submitted (via email) by 1 April 2024 to:

Prof Dr Bernd Strauss
Institute for Sport and Exercise Sciences
Department of Sport Psychology
Horstmarer Landweg 62 b
48149 Münster, Germany

Email: bstrauss@uni-muenster.de

Applications should be written in English and include a cover letter, a CV, copies of degree certificates and transcripts, all combined into a single PDF (max. 20 MB).
